

OHM College of Astrological Sciences & Research Centre – Global

Authorized Learning Partner (ALP) Policy

1. Introduction

The Authorized Learning Partner (ALP) Programme is designed to expand structured education in Astrology & Allied Sciences under centralized academic supervision and standardized certification systems maintained by Head Office (HO).

2. Programme Structure

Authorized Learning Partners may conduct programmes in Online, Offline, or Hybrid mode depending upon their operational setup and student requirements.

3. Authorization Fee

■25,000/- (One-Time)

4. Responsibilities – Authorized Learning Partner

- Student enrollment and coordination
- Conducting classes as per approved academic structure
- Maintaining academic discipline and communication
- Supporting students throughout the learning process

5. Responsibilities – Head Office

- Academic supervision and syllabus approval
- Printed/Digital study material support
- Examination & assessment supervision
- Certification issuance
- Student database management
- Centralized academic quality control

6. Revenue Sharing Structure

A. Partner Conducted Academic Delivery

(Where classes are conducted directly by Authorized Learning Partner)

75% Authorized Learning Partner : 25% Head Office

B. Head Office Conducted Academic Delivery

(Where classes/modules are conducted directly by Head Office faculty for partner-referred students)

75% Head Office : 25% Authorized Learning Partner

7. Academic Delivery Model

- Specialized subjects/modules may be conducted either by the Authorized Learning Partner or directly by Head Office faculty depending upon academic requirements.
- Mixed academic delivery models may operate on a subject-wise basis under mutual academic coordination.
- Final academic structure and certification authority shall remain under Head Office supervision.

8. Basic Academic Environment Standards

Authorized Learning Partners are encouraged to maintain a clean, disciplined, and academically suitable learning environment for students.

Recommended standards include:

- Proper seating arrangement and classroom discipline
- Clean and well-maintained learning space
- Adequate lighting and ventilation
- Limited batch size recommended for effective interaction and learning quality
- Professional communication and academic conduct

For online sessions, clear audio/video quality and structured class coordination are recommended.

9. Fee Structure Policy

The institution maintains separate fee structures for different learning models including Online Programmes, Offline/Classroom Programmes, and Authorized Learning Partner academic delivery models.

Authorized Learning Partners are required to strictly follow the official fee structure prescribed by Head Office and shall not independently alter institutional programme fees without prior approval.

10. Certification Structure

Certificates shall be issued exclusively by OHM College of Astrological Sciences & Research Centre – Global.

Authorized Learning Partner name may appear as:

Authorized Learning Partner – [City Name]

11. Important Note

The programme is designed as an academic partnership model intended to maintain structured education, ethical professional practice, and centralized academic standards.
